

DVR Processs

- Eligibility determination (review of disability related information)
- Waiting list (OOS) assignment for eligible individuals (most severe 1st)
- Activation from Wait List
- Gather information on abilities & disability (assessments)
- Joint development of Individual's Plan for Employment (IPE)
- Job preparation activities, including training, to become qualified for the job goal listed on the IPE
- Services or supports needed to address the limitations of the disability

DVR Process

- Measure progress of preparation for employment.
- Measure progress on addressing the functional limitations to employment caused by disability
- Job Placement activities (seeking and obtaining a job related to IPE goal)
- Updated benefits analysis if needed to determine wage needed to replace benefits or if benefits must be retained
- Closure after 90 days if the job performance and job satisfaction is stable
